Easy-Mark Plus™ Labeling Software

Print it Your Way

Quickly generate labels with new and improved Easy-Mark Plus™ Labeling Software, that is now even more powerful. Advanced features such as `drag and drop' functionality and wizard tools help you create customized labels to suit your specific needs. Current Easy-Mark™ Software users can still rely on the features you already like such as WYSIWYG (What You See Is What You Get) user interface, data import, symbol import, and pre-loaded label formats.

Available in multiple media options such as CD, USB flash drive, web download, or networkable versions. Now you have the flexibility to install the software version that best suits your needs. Easy-Mark Plus™ Software is designed for users who have advanced labeling needs for regulatory compliance, safety awareness, and improved production processes. PRINT IT YOUR WAY!
**PATENTED**

| **NEW! Key Features**	**Benefits**
NEW! More powerful label design tools	Add text boxes, lines, frames, tables, date and time stamps, or 'prompt at print' tool allowing you to create more customized and informative labels Quickly create complex labels or design detailed labels with multiple zones and objects for applications such as rating plates, arc flash labels, and fiber enclosures
NEW! Drag and drop functionality	Insert, move, and resize objects anywhere on a label to maximize label design area
NEW! Auto font sizing	Choose between fixed size text or text that automatically adjusts to fit label area while typing
NEW! Auto length for continuous tapes	Tape length adjusts as you type, providing quicker and more flexible design capability, while minimizing label waste
NEW! QR Code functionality	Create and print labels using QR Codes, or any of the other 21 included barcode symbologies
NEW! Improved WYSIWYG User Interface (What You See Is What You Get)	Labels appear on-screen as they will when printed, eliminating guesswork; label formats are displayed with enhanced graphical details, such as pre-printed headers, actual label colors; display allows view rotation and zoom function
NEW! Media options	Multiple versions available for greater flexibility; choose from different options, including CD, portable flash drive, online download or networkable versions

## Unique • Innovative • Powerful

Key Features

Benefits (continued)

|	
Market specific labeling application wizards	Patented application wizards for control panels, construction and maintenance, safety signs, pipemarkers, datacenters, and enterprise networks assist with the automatic design and formatting of labels for compliance to industry standards (ANSI, OSHA, TIA-606-B, etc.)
Multiple language options	Instructions and user interface are available for multiple languages in one version: English, Chinese, French, German, Italian, Korean, Portuguese, Spanish, and Japanese
Pre-loaded Panduit label formats	Thousands of label formats for thermal transfer, laser jet, ink jet, dot matrix, and hand-held printers are included, and can be selected or changed quickly and easily
File compatibility	Use with all existing Panduit® Easy-Mark™ and Pan-Mark™ files designed in the past, or update them with new objects and styling; no need to re-create 'old' label files
Upgradeable	Future revisions, enhancements, and new label formats are available at no additional charge on the Panduit website; Easy-Mark™ Plus can be configured to automatically check for updates
