

# Dialight

## 15 SERIES

### LED Marker/Clearance Lamps

#### FEATURES / BENEFITS

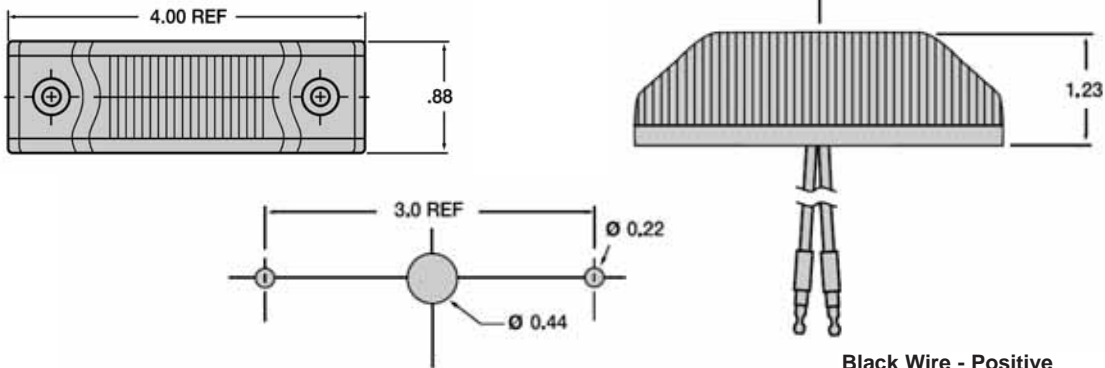

- ▲ Available in Red or Amber
- ▲ 3" mounting hole centers
- ▲ Terminated 0.180 Bullets
- ▲ Integral wiring
- ▲ Polycarbonate lens
- ▲ Rugged potted construction
- ▲ Foam sealing gasket available
- ▲ Reduced current draw
- ▲ Longer life - 100,000 hours
- ▲ Lifetime warranty

#### APPLICATION

The 15 Series LED marker lamps were developed by Dialight for heavy-duty applications where small size, high reliability and reduced maintenance are a major concern. These lamps were designed to conform to all of the FMVSS marker/clearance requirements for both existing and new vehicle designs.

The 15 Series marker lamps use Dialight's unique potted construction to provide a superior sealing against moisture. The use of integral wiring results in fewer interconnections between the lamp and the vehicle harness.

#### SPECIFICATIONS

RECOMMENDED MOUNTING HOLE PATTERN

Black Wire - Positive  
White Wire - Negative

Part Number	Description	Typical Power Ratings
15071A	13.5 Volt Amber	95 mAmps @ 13.5 Volts
15071R	13.5 Volt Red	55 mAmps @ 13.5 Volts
