**RAFI**

# SWITCH ON TO SAFETY WHEN IT MATTERS

At RAFI you will find the right emergency stop for your application. Whether small or large, round or square, reset by pulling or turning, robust or designoriented - we have what you need. Always with the usual reliability and quality.

## TECHNICAL DATA

Product	Highlights	Mounting hole	Mounting depth with switching element	Resetting	Contacts	Rated voltage / rated current	Connection	Degree of protection DIN EN 60529	Illumination
 <b>LUMOTAST 16</b>	Extremely compact, always secure. Optional illuminable for night design	Ø 16.2 mm	16 mm	rotate	1 NC, 2 NC 2 NC + 1 NO	250 V / 5 A	flat quick-connect terminal 2.8 x 0.5 mm, solderable	IP 65 / 67	optional illumination of the arrows / mushrooms possible
 <b>LUMOTAST 25</b>	Elegant and compact. Square collar, reverse polarity protected flat ribbon cable connection	Ø 16.2 mm	30.7 mm	pull	2 NC	25 V / 100 mA	female quick connector / ribbon cable or PCB plug-in socket	IP 65	no
 <b>LUMOTAST 22</b>	Compact design. Night design with illuminated arrows, optional: signal contact at 2 NC + 1 NO	Ø 22.3 mm	176 mm	rotate	2 NC 2 NC + 1 NO	250 V / 2.5 A	flat quick-connect terminal 2.8 x 0.8 mm, solderable	IP 65	optional illumination of the arrows / mushrooms possible
 <b>RAFIX 16 standard</b>	Standard for 16.2 mm panel cut-out. Optional: contact block with coupling monitoring for additional security	Ø 16.2 mm	44.7 mm (quick-connect terminal) 51.3 mm (screw terminal) 47 mm (printed circuit board)	rotate	1 NO, 1 NC, 2 NO, 2 NC, 1 NC + 1 NO 2 NC + 1 NO	35 V / 250 mA (Au) 250 V / 6 A (Ag)	flat quick-connect terminal 2.8 x 0.8 mm, solderable, screw terminal, PCB plug-in socket	IP 65	no
 <b>RAFIX 16 block protected</b>	Large actuating area for reliable switching. Optional: contact block with coupling monitoring for additional security	Ø 16.2 mm	44.7 mm (quick-connect terminal) 51.3 mm (screw terminal) 47 mm (printed circuit board)	rotate	1 NO, 1 NC, 2 NO, 2 NC, 1 NC + 1 NO 2 NC + 1 NO	35 V / 250 mA (Au) 250 V / 6 A (Ag)	flat quick-connect terminal 2.8 x 0.8 mm, solderable, screw terminal, PCB plug-in socket	IP 65	no
 <b>RAFIX 16 F</b>	Round and square design. Optional: contact block with coupling monitoring for additional security	Ø 22.3 mm □ 23.1 mm	51.7 mm (quick-connect terminal) 58.3 mm (screw terminal) 54 mm (printed circuit board)	rotate	1 NO, 1 NC, 2 NO, 2 NC, 1 NC + 1 NO 2 NC + 1 S NO	35 V / 250 mA (Au) 250 V / 6 A (Ag)	flat quick-connect terminal 2.8 x 0.8 mm, solderable, screw terminal, PCB plug-in socket	IP 65	no
 <b>RAFIX 22 QR illuminable</b>	The standard in the control cabinet. Suitable for heavy currents, numerous approvals. Optional: illuminated window for night design or mechanical switching position indication.	Ø 22.3 mm	39.5 mm	rotate, pull	1 NO, 1 NC, 2 NO, 2 NC, 1 NC + 1 NO 2 NC + 2 NO 2 NC + 1 NO 2 NO + 1 NC	35 V / 100 mA (Au) 250 V / 10 A (Ag)	flat quick-connect terminal 2.8 x 0.8 mm, screw terminal, CageClamp®	IP 65	no
 <b>RAFIX 22 QR with lock</b>	The standard in the control cabinet. With 'master key' for resetting of activated push-button, suitable for heavy currents, numerous approvals	Ø 22.3 mm	39.5 mm	rotate, pull	1 NO, 1 NC, 2 NO, 2 NC, 1 NC + 1 NO 2 NC + 2 NO 2 NC + 1 NO 2 NO + 1 NC	35 V / 100 mA (Au) 250 V / 10 A (Ag)	flat quick-connect terminal 2.8 x 0.8 mm, screw terminal, CageClamp®	IP 65	no
 <b>RAFIX 22 FS+ standard</b>	The standard with opaque mushroom head. Also available with increased protection class IP 69K or with 2 NC + 1 NO contact, combinable with all RAFIX FS emergency stop contact blocks	Ø 22.3 mm	27 mm (quick-connect terminal) 9.2 mm (printed circuit board)	rotate, pull	1 NO, 1 NC, 2 NO, 2 NC, 1 NC + 1 NO 2 NC + 1 NO	35 V / 100 mA (Au) 250 V / 4 A (Ag)	flat quick-connect terminal 2.8 x 0.8 mm, printed circuit board	IP 65 (rotate) IP 69K (pull)	optional through central window
 <b>RAFIX 22 FS+ compact</b>	Elegant and compact. Night design with illuminated arrows, LUMOTAST 22 design style with modular construction, combinable with all the RAFIX 22 FS emergency stop contact blocks	Ø 22.3 mm	27 mm (quick-connect terminal) 9.2 mm (printed circuit board)	rotate	1 NO, 1 NC, 2 NO, 2 NC, 1 NC + 1 NO	35 V / 100 mA (Au) 250 V / 4 A (Ag)	flat quick-connect terminal 2.8 x 0.8 mm, printed circuit board	IP 65	optional illumination of the arrows / mushrooms possible
 <b>RAFIX 22 FSR plastic mushroom</b>	Rugged model with metal body and plastic mushroom head. Optional: illuminable windows, combinable with all RAFIX FS emergency stop contact blocks	Ø 22.3 mm	27 mm (quick-connect terminal) 9.2 mm (printed circuit board)	rotate	1 NO, 1 NC, 2 NO, 2 NC, 1 NC + 1 NO	35 V / 100 mA (Au) 250 V / 4 A (Ag)	flat quick-connect terminal 2.8 x 0.8 mm, printed circuit board	IP 65	optional through central window
 <b>RAFIX 22 FSR metal mushroom</b>	Rugged model with top design and metal mushroom head. Combinable with all RAFIX FS emergency stop contact blocks	Ø 22.3 mm	27 mm (quick-connect terminal) 9.2 mm (printed circuit board)	rotate	1 NO, 1 NC, 2 NO, 2 NC, 1 NC + 1 NO	35 V / 100 mA (Au) 250 V / 4 A (Ag)	flat quick-connect terminal 2.8 x 0.8 mm, printed circuit board	IP 65	optional through central window
 <b>RAMO 22/30E M12</b>	The ready-to-connect model: simplest M12 Plug & Play connection, one-piece mono housing. All-round protection classes of at least IP65	Ø 22.3 mm (RAMO 22 E) Ø 30.3 mm (RAMO 30 E)	30.2 mm without connector (RAMO 22 E) 36.4 mm without connector (RAMO 30 E)	rotate, pull	2 NC	35 V / 100 mA (Au)	Plug & Play connection M12	IP 65 / 67 / 69	optional through central window
 <b>E-BOX All-in-one</b>	The emergency stop in a housing. Ready-to-connect with M12 plug, or modular type for direct connection.	-	-	rotate, pull	1 NC, 2 NC, 1 NC + 1 NO, 2 NC + 1 NO	35 V / 100 mA (Au)	CageClamp® or M12	IP 65	optional

黑色急停开关 急停按钮蘑菇头紧急停止开关型号尺寸图技术参数样本资料

- 1.30.276.101/2200 RAFIX 22 FS+发光蘑菇头按钮, 旋转复位, 黑色
- 1.30.276.101/2200 自锁型 带灯 无箭头刻字牵拉复位
- 1.30.276.201/2200 自复位型 带灯
- 1.30.276.501/0000 自锁型 旋转复位
- 1.30.276.502/0000 自锁型 旋转复位
- 1.30.276.601/0000 自锁型 通过牵拉复位 IP69K
- 1.30.276.701/0000 自复位型 momentary 触点 :
- 1.20.126.601/0000 PCB, silver, for THT LED, 1 NC
- 1.20.126.601/9000 PCB, silver, for SMT LED, 1 NC
- 1.20.126.604/0000 PCB, silver, for THT LED, 2 NC
- 1.20.126.604/9000 PCB, silver, for SMT LED, 2 NC
- 1.20.126.501/0000 QC quick connect, gold, 1 NC
- 1.20.126.503/0000 QC quick connect, gold, 1 NC + 1 NO ;
- 1.20.126.504/0000 QC, gold, 2 NC ;
- 1.20.126.401/0000 RAFIX FS 急停开关触点 PCB, gold, for THT LED, 1 NC
- 1.20.126.401/9000 RAFIX FS switching element emergency stop PCB, gold, for SMT LED, 1 NC, with light guide
- 1.20.126.403/0000 RAFIX FS PCB, gold, for THT LED, 1 NC + 1 NO
- 1.20.126.403/9000 RAFIX FS switching element emergency stop PCB, gold, for SMT LED, 1 NC + 1 NO, with light guide
- 1.20.126.404/0000 RAFIX FS emergency stop PCB, gold, for THT LED, 2 NC
- 1.20.126.404/9000 RAFIX FS switching element emergency stop PCB, gold, for SMT LED, 2 NC, with light guide
- 1.20.126.701/0000 RAFIX FS switching element emergency stop QC, silver, 1 NC
- 1.20.126.703/0000 RAFIX FS 急停开关触点 快插端子 焊接端子, 1 NC + 1 NO
- 1.20.126.704/0000 快接端子 银触点, 2 NC
